Open Day Guide

Welcome

I am delighted you are considering AECC University College as your chosen place to study. As a specialist institution, we are a leading provider of musculoskeletal healthcare; providing the world with professionals who are enthusiastic, equipped and ready to make a difference.

Today you will be able to find out more about what our courses offer along with what healthcare career options are available and find out more about our established clinical expertise. Please feel free to explore our beautiful campus, our on-site clinics and centres and speak to our academics and student ambassadors to get a feel for what life is like in our friendly, supportive community.

When you study with us, your learning will be underpinned by hands-on clinical experience from the outset. Every day holds opportunities for you to seize; to learn from respected healthcare clinicians and tutors, share and grow ideas and ways of working with your peers in multidisciplinary settings, and become part of our unique, distinctive and diverse community.

Professor Lesley Haig
Vice-Chancellor

Talks and Activities

Thank you for taking the time to visit AECC University College's open day. Our open days are a 'drop in' format to give you the opportunity to tailor your visit to meet your requirements. The campus will be open from 10am and closing at 3pm, and we recommend latest arrivals by 1pm to give you enough time to see and hear what is on offer here at AECC University College.

Course Talks

At the heart of university study is your course. Course talks are a chance to learn more about what content our courses cover, meet your lecturers and get a feel for how we teach the course here at AECC University College. Course talks will be taking place at different locations in AECC University College's main building. Please refer to the timetable on pages 4 and 5 for times and locations of our course talks in the following areas:

- **Chiropractic**
- **Psychology**
- **Radiography**
- **Speech and Language**
- **Sport and Exercise Psychology**
- **Sport Rehabilitation**
- **Sport Science**

University College Overview

AECC University College is a leading provider of musculoskeletal healthcare; providing the world with professionals who are enthusiastic, equipped and ready to make a difference. Join us for the University College overview talk and find out more about who we are including our history, our partners and how we are embedded both globally and within our local community.

Admissions Talk

An informative talk covering how to apply to AECC University College, covering our entry requirements, UCAS applications and what we are looking for in your strong personal statement.

Student Panel

A chance for you to chat to some of our students with any questions you may have about student life and starting uni. This is an informal question and answer session.

Postgraduate One-To-One Chat

Students interested in finding out more about postgraduate level courses have been given a timeslot for an informative one-to-one chat with a course representative, meet in the Central Hub at relevant subject area stands for these subject areas:

- **Dietetic**
- **Medical Ultrasound**
- **Occupational Therapy**
- **Paediatric MSK**
- **Physiotherapy**
- **Podiatry**
- **Psychology**
- **Sport and Exercise Science**

Student Services, Student Finance and Students' Union Talk

An informative talk on tuition fees, student loans and typical student expenses. We will also explain how AECC University College supports its students through our student services, including counselling, study skills support, student advice and our Students' Union.

Clinic Tours

Did you know that over 50,000 patients come through our on-site clinics every year? Our state-of-the-art facilities are open for you to visit, including the treatment rooms, the fully-equipped Exercise and Sports Performance Centres, a large Digital X-ray Suite and one of the UK's few open upright MRI scanners. Join one of our many tours around the facilities, which includes our clinics, with our current AECC University College Interns in their final year giving demonstrations.

Central Hub

Throughout the day, feel free to drop in to the Central Hub where there will be course stands and our Admissions and Student Services teams with interactive stations and demonstrations.

Refreshments

Free teas and coffees will be made available. The Campus Cafe will also be open during the day with a selection of light bite options.

Explore our Specialist Campus

When you're ready, use our campus map to self-guide your way around AECC University College. Make sure you don't miss the highlighted places below:

Central Hub (59)

Throughout the day, feel free to drop in to the Central Hub where there will be course stands with interactive stations and demonstrations and our Admissions teams who'll be able to help with any questions you may have.

Library (10 and 22)

Our library has recently been through a stunning refurbishment, transforming the learning space for our students. We have an extensive, specialist library collection with over 10,000 books, 600 e-books and 14,000 online journals, medical databases and anatomical software, including Anatomy TV.

Ultrasound and Radiography Clinic (30 - 31)

A centre of excellence in ultrasound education and training. The clinic offers advanced ultrasound technology to patients, supporting the community with a variety of scans (including 4D ultrasound) and services to support recovery. Also situated in this location is a cutting-edge diagnostic radiography suite and VERT facilities, the virtual learning environment for therapeutic radiography.

Chiropractic Clinic (40 - 42)

Pop in to the Chiropractic Clinic reception and join one of the many tours around the facilities with our current AECC interns in their final year. See our treatment rooms, X-ray facilities and our Open Upright MRI scanner – one of a few Open Upright MRI scanners in the country.

Sport and Rehabilitation (42 - 45)

Our Sport and Rehabilitation Centres are situated in both Parkwood and Garment Campuses and used to undertake teaching and research using innovative testing and analysis equipment. The campus also provides support to sport professionals and teams, including our official 'Performance and Rehabilitation' partner AFC Bournemouth and the Armed Forces Para-Snowsport Team as well as rehabilitation laboratories.
