through Health Sciences*

# Open Day Guide

# Welcome

---

I am delighted you are considering AECC University College as your chosen place to study. As a specialist institution, we are a leading provider of musculoskeletal healthcare; providing the world with professionals who are enthusiastic, equipped and ready to make a difference.

Today you will be able to find out more about what our courses offer along with what healthcare career options are available and find out more about our established clinical expertise. Please feel free to explore our beautiful campus, our on-site clinics and centres and speak to our academics and student ambassadors to get a feel for what life is like in our friendly, supportive community.

When you study with us, your learning will be underpinned by hands-on clinical experience from the outset. Every day holds opportunities for you to seize; to learn from respected healthcare clinicians and tutors, share and grow ideas and ways of working with your peers in multidisciplinary settings, and become part of our unique, distinctive and diverse community.

**Professor Lesley Haig**  
Principal

# Talks and Activities

---

Thank you for taking the time to visit AECC University College's open day. Our open days are a 'drop in' format to give you the opportunity to tailor your visit to meet your requirements. The campus will be open from 10am and closing at 3pm, and we recommend latest arrivals by 1pm to give you enough time to see and hear what is on offer here at AECC.

---

## Course Talks

At the heart of university study is your course. Course talks are a chance to learn more about what content our courses cover, meet your lecturers and get a feel for how we teach the course here at AECC. Course talks will be taking place at different locations in AECC University College's main building and will include the opportunity to see subject specific demonstrations. Please refer to the timetable on page 4 and 5 for times and locations of our course talks in the following areas:

- **Access to Higher Education**
- **Chiropractic**
- **Psychology**
- **Sports Science**
- **Radiography**

---

## University College Overview

AECC University College is a leading provider of musculoskeletal healthcare; providing the world with professionals who are enthusiastic, equipped and ready to make a difference. Join us for the University College overview talk and find out more about who we are including our history, our partners and how we are embedded both globally and within our local community.

---

## Admissions Talk

An informative talk covering how to apply to AECC University College, covering our entry requirements, UCAS applications and what we are looking for in your strong personal statement.

---

## Student Services Talk

An informative talk on tuition fees, student loans and typical student expenses. We will also explain how AECC University College supports its students through our student services, including counselling, study skills support, student advice and our student union.

---

## Clinic Tours

Did you know that over 50,000 patients come through our on-site clinics every year? Our state-of-the-art facilities are open for you to visit, including the treatment rooms, the fully-equipped Exercise and Sports Performance Centres, a large digital X-Ray suite and one of the UK's few open upright MRI scanners. Join one of our many tours around the facilities, which start in the Clinic reception, with our current AECC University College Interns in their final year giving demonstrations.

---

## Local Area Bus Tours

Two complimentary bus tours of the local area will be running during the afternoon, each an hour long. The tour will include the local area, the seafront and student accommodation halls of residence.

---

## Central Hub

Throughout the day, feel free to drop in to the Central Hub where there will be course stands, interactive stations and demonstrations.

---

## Food and Refreshments

Situated in AECC University College's main building, our Spine and Dine Café will be open from 10am – 2.30pm and will be serving hot and cold food and beverages.

## Explore our Specialist Campus

When you're ready, use our campus map to self-guide your way around AECC University College. Make sure you don't miss the highlighted places below:

### 1. Chiropractic Clinic

Pop in to the Chiropractic Clinic reception and join one of the many tours around the facilities with our current AECC interns in their final year. See our treatment rooms, X-ray facilities and our Open Upright MRI scanner – one of a few Open Upright MRI scanners in the country.

### 2. Sports Performance Centre

A sport and rehabilitation centre used to undertake teaching and research with state-of-the-art testing and analysis equipment. The centre also provides support to sport professionals and teams, including our official 'Performance and Rehabilitation' partner AFC Bournemouth and the Armed Forces Para-Snowsport Team.

### 3. Ultrasound Clinic

A centre of excellence in ultrasound education and training. The clinic offers advanced ultrasound technology to patients, supporting the community with a variety of scans (including 4D ultrasound) and services to support recovery.

### 4. Library

Our library has recently been through a stunning refurbishment, transforming the learning space for our students. We have an extensive, specialist library collection with over 10,000 books, 600 e-books and 14,000 online journals, medical databases and anatomical software, including Anatomy TV.

### 5. Central Hub

Throughout the day, feel free to drop in to the Central Hub where there will be course stands, interactive stations and demonstrations.
