

Important information to take into account when choosing your programme

BSc (Hons) Radiography (Radiotherapy and Oncology)

BSc (Hons) Radiography (Diagnostic Imaging)

When students are considering applying for the BSc Radiography courses they should be aware of the following:

During practical classes students will be expected to engage in practicing skills, patient positioning and practical activities with other students in their year group as subjects, and to act as a subject for other students. These are mixed gender groups. You are expected to practice practical manual handling and positioning skills on each other and to do this effectively you will be expected to dress appropriately (e.g. *shorts and t-shirt*).

- Students may purchase a treatment gown to wear, if they are uncomfortable wearing only their underwear/ shorts.
- Students should discuss any concerns about this with us before making an application for the course or accepting an offer of a place. If the concerns relate to issues covered by the Equality Act 2010 (such as religion, disability, gender reassignment) we will be pleased to discuss with the student how reasonable adjustments can be made to enable them to study on the course; however the University College can only make adjustments where this will not interfere with the student's ability to demonstrate that they have met the learning outcomes for the course, and meet the requirements of relevant Professional Statutory and Regulatory Bodies (PSRBs). Please contact admissions@aecc.ac.uk
- Students are required to declare any criminal records and changes in their criminal record as soon as they occur, i.e. if they have been cautioned, reprimanded, warned, charged or convicted in relation to **any** criminal activity.
- Academic teaching normally occurs between the hours of 9am and 6pm. The radiography courses also involve placements at NHS hospital sites. The hours of these placements fall within normal NHS working patterns/hours.
- Students will be expected to dress appropriately for placements and when representing the University College in the local community.
- Students are required to attend a minimum of 80% of all tutorials and practical skill teaching sessions. We take registers of attendance at these classes and collate the results regularly.
- There are a number of items which students will be required or are recommended to purchase in order to get the maximum benefit from the course; see below under 'additional costs'.
- Students are responsible for making their own accommodation arrangements while enrolled at the University College. The Student Services team can offer advice and assistance in finding private rented accommodation in the area.
- We expect students on this professionally-based course to maintain professional standards of behaviour at all time, and to act in accordance with the Health and Care Professions Council (HCPC) Guidance for Conduct and Ethics for Students:

<https://www.hcpc-uk.org/globalassets/resources/guidance/guidance-on-conduct-and-ethics-for-students.pdf> and to demonstrate the skills, attitudes and behaviours that will enable them to comply with Standards of Conduct Performance and Ethics for Diagnostic Radiographers upon graduation: <https://www.hcpc-uk.org/globalassets/resources/standards/standards-of-conduct-performance-and-ethics.pdf>

- Students are also required to comply with the Society and College of Radiographers (SCoR) Code of Professional Conduct. <https://www.sor.org/learning/document-library/code-professional-conduct>
- Students require enhanced DBS (Disclosure Barring Check) clearance or PVG (Protecting Vulnerable Groups) for placements in Scotland. This is undertaken once the student has accepted the provisional offer of a place on the programme.
- Students must complete a health questionnaire and undertake occupational health screening and fitness to practice clearance before undertaking clinical placements.
- All units on the BSc Radiography courses are core units and all units in a year must be passed before students can progress to the following year. There is no opportunity to trial failed units.
- For the BSc Radiography courses the pass mark is 40%

Additional Costs

Additional costs are mandatory or optional costs which students will need to meet in order to fully participate in and complete their programme. Students will need to budget for these costs separately as they are not included in the overall Tuition Fee they are charged.

Depending on where the placement is, you may be able to enquire about accommodation or may require transport. This can be discussed with the link tutor as soon as you are aware of your needs. Additional support may also be available from NHS Business Services Authority, Learning Support Fund.

<https://www.nhsbsa.nhs.uk/nhs-learning-support-fund>

Essential

- Purchase of a placement uniform (approximate cost £25) (usually a minimum of two is advised). These are not required to be purchased before joining the course.
- Some assignments require the submission of a printed paper copy. The cost of this is the students' responsibility and will vary depending on the length of the assignment. There are no photocopying or printing credits provided.
- Should a student fail any assessments and be offered an opportunity to repeat a unit or units there will be a fee payable as set out below (fees quoted at 2020-21 prices): *
 - Home students: £1,540 per unit (20 credits)
 - Overseas students / self-funded students: £2,420.50 per unit (20

credits)

* Fees do not apply if a student has Mitigating Circumstances accepted by the Assessment Board. For students just sitting elements of a unit due to mitigating circumstances this may have an impact on receiving maintenance loans from the Student Loan Company. Please contact the Student Finance Office on studentfinance@aecc.ac.uk for further information.
Board.

Recommended

- It is recommended that students purchase a tablet or computer/laptop for their personal use, as this will enhance their learning by giving them immediate access to our Virtual Learning Environment (VLE)

Optional

- Students are recommended to join the SCoR as a student member <https://www.sor.org/being-member/join-us> to gain additional benefits and resources for their future profession. <https://www.sor.org/learning/student-zone>
- Teaching materials are made available in electronic format on the Virtual Learning Environment. If students wish to have a printed copy they may print these materials at their own cost.
- Core texts are available in the library but there are limited numbers and most students buy some but not necessarily all text books.
- We are unable to offer any storage facilities for personal belongings of students except for a limited number of lockers. Students can rent a locker from the AECC Students' Union (ASU) on payment of a single fee of £10.
- There may be other costs for activities that will enhance students' time here but are not directly related to their programme. For example, there is an annual fee (currently £60) to join our gym (gym membership is a requirement to join some ASU/University College sports societies). Some ASU-organised social events and activities through ASU Societies will be at an additional cost.
- On successful completion of the course students have the option to attend the graduation ceremony. Students choosing to attend must meet the cost of hiring academic dress for the ceremony; wearing of academic dress at the ceremony is compulsory. The academic dress is provided by an external company. In 2019 the hire cost was £38. There are no other charges to the graduate for the graduation ceremony. However, additional tickets for family members and friends are chargeable at £17 per head at 2019 prices.
- You will be provided with transcripts for each year of study along with a diploma supplement and degree certificate upon completion of your course of study. If you require a replacement of any of these documents there will be a fee payable as set out below:
 - Transcript (per academic year): £10
 - Degree Certificate: £40
 - Diploma Supplement: £10

Where 2020-21 prices are quoted these costs are not expected to increase by any substantial amount for 2021-22.
